Eligible Hospitals & CAHs

Pathway to Meaningful Use Stage 2

Meaningful Use Objective	KHIE Services to Achieve Objective	Benefits of Using KHIE
Core Objective #6: Provide patients the ability to view online, download and transmit their health information within 36 hours after discharge.	• Patient Portal/PHR • Direct Secure Messaging • eHealth Exchange (NwHIN) Access • HISP Support	✓ Single login provides patients consolidated <u>view</u> of health information across all providers ✓ Ability to <u>download</u> consolidated health information to local computer ✓ Patients can <u>transmit</u> their health information to any Direct-enabled provider
Core Objective #12: Provide summary of care record for each transition of care or referral.	• Direct Secure Messaging • eHealth Exchange (NwHIN) Access • HISP Support	✓ Zero NwHIN connectivity costs when KHIE is used as the gateway to the eHealth Exchange ✓ Two choices for sharing: 1) Provider->Provider (Direct) 2) Provider->KHIE->Provider ✓ Reporting for attestation
Core Objective #13: Submit electronic data to immunization registries.	• Immunization Feed	✓ Automated submission of immunizations from EHR to KY Immunization Registry ✓ Optional access to KY Immunization Registry Portal to view and print immunization records ✓ Immunization submission reporting for attestation
Core Objective #14: Submit electronic data on reportable lab results to public health agencies.	• Laboratory Feed	✓ Two choices: 1) Active Surveillance: KHIE monitors and alerts DPH as necessary 2) Passive Monitoring: Hospital monitors and alerts DPH via KHIE ✓ Transmission reporting for attestation
Core Objective #15: Submit electronic syndromic surveillance data to public health agencies.	• Admit/Discharge/Transfer Feed with Chief Complaint or Discharge Codes	✓ Automated monitoring and forwarding of de-identified clinical information to CDC BioSense ✓ Transmission reporting for attestation
Menu Objective #6: Provide structured electronic lab results to ambulatory providers.	• Laboratory Feed • Direct Secure Messaging • eHealth Exchange (NwHIN) Access • HISP Support	✓ Zero NwHIN connectivity costs when KHIE is used as the gateway to the eHealth Exchange ✓ Two choices for sharing: 1) Provider->Provider (Direct) 2) Provider->KHIE->Provider ✓ Transmission reporting for attestation
Other MU Requirement: Electronic Submission of Clinical Quality Measures (Medicaid Only)	• QRDA-Formatted Clinical Quality Measures (CQMs)	✓ Electronic forwarding of hospital-selected CQM reporting measures to Medicaid ✓ Transmission reporting for attestation

ATTESTATION
At a minimum, eligible hospitals and CAHs must meet all core objectives, 3 of 6 menu objectives, and CQM electronic submission requirement
